Another way of dealing with advanced hair loss.

For some a hair restoration is not possible due to lack of donor area
If financial options limit your choice for a hair transplant

Here is a good example of what can be achieved using the state of the art Tricopigmentation, advanced micro hair pigmentation.

This patient is a Norwood7 with no hopes for a hair transplantation due to lack of donor availability.

Frontal view

Please note that the pictures are taken right after finishing the procedure, hence some redness.
The redness will fade over 24 hours;
