These are examples of Micro hair pigmentation using the tricopigmentation method.

This treatment is a great option for men with extensive hair loss, or for those opposed to surgical mean of hair restoration.

Our practisioner, Sabine Dillen is one of the few that has both experience using Tricopigmentation as well as FUE hair restoration.

Below you can find some examples of micro hair pigmentation shaven look style.

However, many more examples can be found on our website:
